

"Behold the Conquering Hero Comes."

You have, no doubt, often heard the expression, "Behold the Conquering Hero Comes." You picture in your mind, as a hero, one who has been to battle and returning carries himself as the real Napoleon, dressed out in glaring colors, and the expression "I am it," upon his heroic face.

I would not have you picture my heroes thus. They have done battle, 'tis true; they have conquered which is also true; they have returned, which is true again; thus: "Behold the Conquering Heroes Comes."

These are Tallahassee's three Slabmen, who placed the first base ball championship pennant in the old town in many moons. We are proud of these boys, and their presence here was a pleasant surprise to all the fans on Tuesday.

Ira Watson, Herbert McLeod and Howell Sheats are as good as any amateurs who ever donned a baseball uniform. Their records show, first, clean, manly players; second, good hitters, and third, excellent pitchers, to say nothing of their superb base-running.

Ira, old man, you are the real thing, you have played the games, both at home and away, that none other than a professional could have surpassed. You have remained with the team without compensation the whole while. You have devoted almost your entire time to its support, and have greatly effected the success with which it has met this season. We appreciate it, wish you success in all of your combats of the future.

Howell, we are as proud of you as Detroit is of Ty Cobb. We have it on Detroit in this instance, Cobb is from Georgia, but you are from right here, one of us. You have done yourself credit, and the team credit, and we hope some day when you are playing big league ball, to boast "he helped win the pennant for Tallahassee one time." Keep your winning streak, watch your batting, and play such ball that it will not only be said that "he is from Tallahassee," but the whole State will chime in "he is from Florida."

Mac, stand up, lets see how tall you are. This is your first year here, you have won many friends, and if your popularity, increases each year as it grew this, the management will have no fear as to the gate receipts warranting expenses. Your shut out games have been one of our winning features this season. Your batting and base stealing has been up to the best, and your conduct at the second sack has been almost without error. Sit down, make yourself at home; and may we be able to claim you as from Tallahassee in another season, and not have to say McLeod of Florida.

Boys, Tallahassee is yours. May you always be as proud of her as she is of you. ONE OF THE ROOTERS.

TO YOU

THAT A MAN'S LIFE IS full of crosses and temptations? He comes into this world without his consent and goes out against his will, and the trip between the two is exceedingly rocky. The rule of contraries is one of the features of the trip.

When he is little the big girls kiss him and when he is grown the little girls kiss him.

If he is poor he is a bad manager, if he is rich he is dishonest, if he needs credit he can't get it, if he is prosperous every one wants to do him a favor.

If he is in politics it's for the pie, if he is out of politics you can't find a place for him and he is no good to his country.

If he doesn't give to charity he is a stingy cuss, if he does it's for show.

If he is actively religious he is a hypocrite, if he takes no interest in religion he is a hardened sinner.

If he gives affection he is a soft specimen, if he cares for no one he is cold-blooded.

If he dies young there was a great future before him, if he lives to an old age he has missed his calling.

The road is rocky but man loves to travel it, and there is a good deal of satisfaction; especially if he uses
